Administration

# Schaumburg Education Association (SEA)

The purpose of the SEA is to serve the members and be a liaison between the administration and the members.  
It is our goal to handle difficult situations in a confidential manner.

Our mission is...

To advocate for the welfare of all school children.

To advocate for our membership and to provide leadership for them in such areas as professionalism, ethical standards, member welfare and political advocacy.

To be educational leaders and effective, caring teachers in the classroom.

To engage in political action to enact legislation that supports public education. We support those who support education and the welfare of children.

When we fight for our students, everyone wins!
